Breakout Sessions

i. Patient-level factors – Dr. Leigh Callahan
ii. Patient-clinician level factors – Dr. Kent Kwoh
iii. Health system and policy level factors – Dr. Ernest Moy
iv. Societal/Social Determinants – Dr. Arleen Brown
v. Community-level factors – Dr. Patricia Jones

Breakout Session Goals: Provide participants with diverse expertise an opportunity to get together to exchange ideas on how to address and improve issues related to health disparities in osteoarthritis.

Discussion questions

1. What opportunities (e.g., resources/systems) currently exist that can be leveraged?
    a. Of what currently exists, what is working well or not?
    b. How do we better disseminate and implement methods/processes that work well?
    c. How do we adapt/modify methods/processes that are not working well?
2. Where are the gaps/opportunities and how best could these be addressed?
3. From the discussion, are there things that can be addressed immediately as well as long term goals?
