

**Dharmendar Rathore, PhD, Chief, Scientific Review Branch (SRB),
Division of Extramural Research (DER), NIDA**

Dr. Rathore is Chief of the Scientific Review Branch (SRB) at NIDA's Division of Extramural Research. He has 10+ years of experience in managing scientific peer review of research grant applications, cooperative agreements, and R&D contracts at the NIH. Each year, SRB manages the peer review of 1000+ grant applications and contract proposals received in response to 40+ funding opportunity announcements. Dr. Rathore has overseen and managed the peer review for a large breadth of funding instruments involving multi-project (UM1, U19, P01, P30 etc.) and single project (R01, U01, R34, G11, R24, etc.) initiatives for basic and translational research centers, complex Consortia, Networks, Leadership Groups, Clinical Trial Units, and Implementation Science research. Before joining the Scientific Review Branch at NIDA, Dr. Rathore was Chief of the AIDS Research Review Branch at NIAID, NIH.
